

TARGET10

Objective: Score the most points in the time given.

You can do this by visiting as many places (Targets) as possible that are shown in the next few pages. There are 10 targets in total. At each target follow the instructions given to gain the full points.

If you are required to answer questions at the target please put the answers in the space provided next to the target information.

For photographic evidence of targets use the camera provided in your team pack to take a photograph of your team (not including the photographer) in front of the place found or as instructed. The 'Target' MUST be clear in the photograph or it will not be counted.

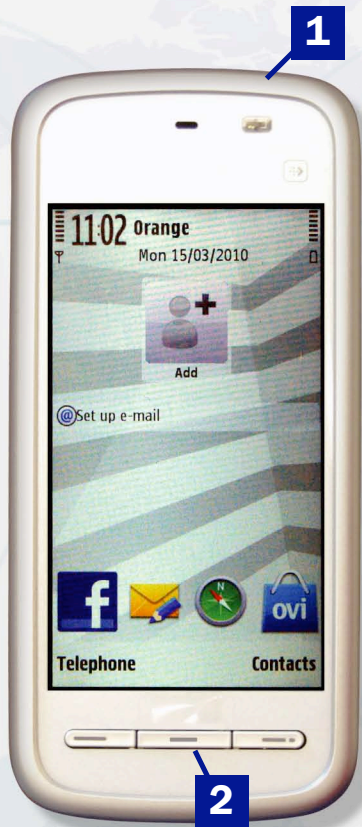

You can travel by whatever means necessary. To help with this we have provided you with a travelcard.

Lunch Destination: the clue for your lunch destination is on page four. Please be here at **1200h** sharp, anyone arriving after 1205h will lose points and risk going hungry!

Final destination; the clue for your final destination is on page four. Please be here at **1400h**. You will lose 10 points for every minute you arrive after this time. If you arrive after 1415hrs, you will be disqualified and may miss your train!

Adjudication; The Event Team's decision will be final on all matters!

The phone should already be switched on and ready when you start.

1. If it is not on already, or you have turned it off, push the button at the top.
2. Push the **middle button** to take you to the **Main Menu**.

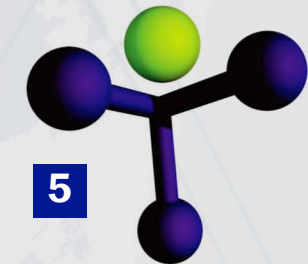

If at any point in gameplay you accidentally exit the game, you can push the **middle button** (2) to get to the **Main Menu**.

3. Now push the **Applications** button.

4. Push the **Install. Apps** button.

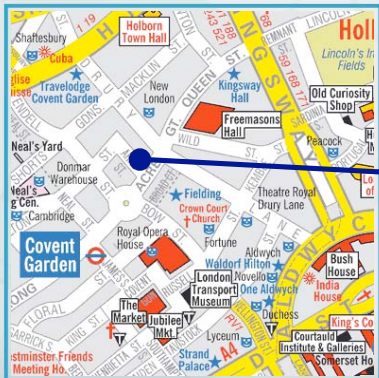

5. Push the button with this **icon**. This will resume the game where you left it.

If anything goes wrong, following these simple steps will return you to where you were in the game!
