## Additional Services

### Catering

Catering can be simple or sophisticated and could possibly be a Barbecue or a variety of different catering styles from around the world – India, Thailand, the Caribbean and America. A selection of vegetarian meals will be provided if ordered in advance.

We can discuss your requirements in detail, but would suggest a budget of £15-£30 plus VAT per head according to number, location and your requirements.

### Creche

Using our specialist suppliers a crèche can be provided comprising a feature entrance, play centre, banners and signage with play equipment, videos, computer games and a mix of Activities suitable for children aged from two to ten years.

For statutory requirements all staff are minimum NNEB qualified with the appropriate Police and Health Checks. Legal requirements stipulate a maximum of five children per staff member (one to one for under two's) and the unit needs to be staffed accordingly. The cost will depend upon your requirements.

### Infants

A mother and baby facility can be made available for nappy changing or nursing mothers if required.

### Marquees

They say that England has the best climate and the worst weather so we have included **XXX** multi-coloured tepees and waterproofs.

**XXX** marquee/s can be supplied as an optional extra.
